

## Revised 2007 Honor Roll

In May, I announced the winners of the 10 categories of branches who would represent NALC at the 2008 MDA Telethon on Labor Day weekend. We also listed the amounts that MDA communicated to us for each NALC branch by state. It didn't take long for the calls to begin flooding into NALC Headquarters about errors in the totals. I apologize for the incorrect listings and ask the indulgence of the membership while we work with MDA to make sure our list is correct.

As a result of a change in MDA's way of tracking contributions, the list did not include some branches and some totals were wrong. The following revised list contains the actual category winners and all the branch totals

we currently have. If there are any incorrect listings, please let us know.

I am also asking that in the future, all branches send to NALC Headquarters the copy of the form used to report contributions to MDA. Many have failed to send our copy. If all branches will send those copies to us, we can check to make sure MDA's numbers are correct during the year. Together we can get an accurate figure and reflect the hard work our members do for MDA families.

As you can see, we actually raised almost \$1.6 million, an increase of more than \$341,000 from 2006. Great job! MDA thanks you, and so do all MDA families. Again, I apologize for the errors, and next year will be different. ☒
