

Your major medical insurance policy covers a large part of the budget-busting cost of hospitalization. But, in today's atmosphere of tight cost controls on medical services and spiraling incidental costs—including expenses encountered outside of the medical system—it may not be enough to keep you out of debt or make recovery easier when the crisis is over.

Hospital Plus offers you and your family a convenient, low-cost and smart plan for obtaining spare cash shortly after or even during a period of hospitalization. It's a plan you can use to obtain the funds you need to help pay deductibles, meet household expenses, cover uninsured spending or to simply lift your family's spirits.

As Much as \$100 Cash for Every Day You're in the Hospital—Up to One Full Year

The benefit, \$30, \$50, \$75, or \$100 per day (you choose)—or \$18, \$30, \$45, or \$60 per day for a child—starts adding up from the first day you are confined in a hospital.

And, since it's not income, it's not subject to federal income tax. Every penny is yours to spend the way you want to spend it!

You could, for example, use Hospital Plus to minimize the impact of non-medical expenses on your budget. It's easy to spend money when someone's in the hospital: relatives offering their support become guests at your table; long-distance calls to concerned family and friends are made from "home central"; for children, the cost of souvenirs from a stay or new toys meant to comfort them adds up fast. But for every day spent in the hospital, Hospital Plus benefits can be adding up too.

Low Premiums, Direct-Pay Option, Fast Service

The bottom line: Hospital Plus premiums start at just \$1.60 bi-weekly (one member, age 18-24), paid for by check or through a convenient direct payroll deduction.

Claims are easily filed by filling out a one-page claim form, attaching a copy of the hospital's bill to it, and mailing both to the MBA. Hospital Plus then delivers benefits for up to 365 days—as much as \$36,500!

Easy Eligibility, Easy Enrollment

Without exception, the Hospital Plus plan is open to all NALC members and immediate family. Fill in the 7 items on this brochure's application, sign it and return it to the MBA.

That's how easy it is to enroll. And relax. You're covered from the first premium payment.*

Reminder: Your MBA Is A Non-Profit Insurer

The U.S. Letter Carriers Mutual Benefit Association (MBA) is a non-profit organization. When you enroll in a MBA-sponsored insurance program, you're not paying commissions to sales agents and buying European vacations for wing-tipped shoes in top-floor Manhattan office suites. You're helping other NALC members and their families get through tough times. And they're helping you.

Hospital Plus: Insurance You Can Trust

As noted, the only business at MBA is the one of serving you. MBA representatives and their

staff stand ready to answer your questions and assist you in choosing any of a number of NALC-approved financial services, including the Association's insurance programs. For additional consultation on Hospital Plus, call MBA toll-free at 1-800-424-5184. The Answerline is open Tuesdays and Thursdays from 8:00 a.m. to 3:30 p.m. Eastern Time; or call 202-638-4318 Monday through Friday, 8:00 a.m. to 3:30 p.m. Eastern Time.

Back to the Hospital? Back to Hospital Plus!

When an accident or illness requires a return to the hospital, Hospital Plus coverage continues. Returns that occur within six months for the same or a related cause are covered up to the policy's limit of 365 days. Stays separated by six months from an earlier event, even if related to the same cause, are considered new, and the plan's 365-day counter starts counting over.

Your Premium

The bi-weekly premium for Hospital Plus starts at \$1.60 if you're single and under 24-years-old. You may be a little older, or married or have children. Use the following chart to find your special rate.

Your Benefits

Depending on the premium you choose, Hospital Plus pays \$30, \$50, \$75, or \$100 for each day you or an insured family member spends in the hospital. A full week's stay associated with an accident, illness, surgery or other acceptable condition would provide a Hospital Plus benefit of \$210 to \$700.

Hospital Plus benefits also apply to hospitalizations associated with pregnancy (provided the policy was in effect before the start of the pregnancy). With family coverage, a newborn will be included on the 16th day following birth.
