Branch Presidents

Enclosed please find five errata sheets for the Official Election Results book that was previously mailed to you. The five corrected pages are the following:

Page 5, Region 2 totals
Page 15, Region 5 totals
Page 31, Region 9 totals
Page 44, Region 15 totals
Page 45, regional and national totals.

On each of the above pages the individual Branch votes in the printed book were correct and are unchanged in the errata sheets. However, there were computational errors that resulted in an inaccurate calculation of the total vote reported for each candidate. Specifically, while each branch's total vote count was correct, there were errors in adding the branch vote totals together, resulting in errors in some regional (2,5,9, and 15) and national totals. These errors occurred because a number of "cells" in the Excel file where we tallied regional totals had a mistake in the formula for adding up the votes in the affected regions. We have corrected the affected cells and verified all the counts in the spreadsheet.

The enclosed new pages contain the corrected numbers. Please keep these pages with your election book.

Please be assured that the enclosed corrections did not change the specific vote count for any branch, or the outcome of the election, that has been certified by me. PeakeDeLancey deeply regrets these errors. We apologize for any confusion that this may have caused.
