

How branches measure up to the COLCPE challenge

The 2011 COLCPE contest pitted branches of similar size against each other, challenging them to reach the highest rate of participation in the Gimme 5 program. In two size categories—50 to 99 members and 100 to 450 members—the branches with the top four participation rates were crowned the winners. The four winners are highlighted at the top of each list, starting on this page.

In addition to those contest winners, we honor the branches with the largest improvement in participation over the previous year for these two categories. Those branches are listed below.

The largest branches, with 451 or more members, competed in groups of three to five, with one winner in each matchup. The matchups, with the winner highlighted, appear on page 16.

Full results, including for branches with fewer than 50 members, can be found on our website at nalc.org.

HIGHEST PERCENT INCREASE

Branch	Percent Increase
Branches 50-99 members	
1st Place-Br. 957 Bismarck, ND	34.56
