

2013 Honor Roll

Jim Williams

Each year, NALC lists all of the branches that have worked to raise money for the Muscular Dystrophy Association, publishing the results of the prior calendar year.

The following are the totals reported to us by MDA. We have run these totals by the respective national business agents, so we presume the numbers are correct. It is our hope and expectation that no errors exist. If there are mistakes, please contact me at williamsj@nalc.org. I will check out the discrep-

ancy and correct it if the data supports your contention. Remember that this year we will not be adding CFC collections after the year has ended. It is the branch's responsibility to make sure MDA has included the CFC amounts.

President Rolando and I want to express our appreciation for all you do for MDA. The branches listed below have joined the shared vision NALC committed to in 1952 and every year thereafter. If your branch is missing, perhaps it is time you contacted your branch leadership and volunteered to be the MDA coordinator. We could use your help!

Again, thanks to every person who worked for, or contributed to, our efforts to raise funds for the families affected by muscular diseases.
