

Consolidated Casing grievance settled

On June 3, NALC and the U.S. Postal Service settled a national-level grievance regarding the Postal Service’s unilateral testing of Consolidated Casing. This settlement (M-01923) requires that half of the 62 test sites be returned to their original route structure by July 31. The remaining 31 test sites will continue through Nov. 27.

The task force established by the

Memorandum of Understanding Re: City Delivery Task Force, will begin analyzing data from the test sites by July 20 to determine its application to future testing. Absent joint agreement by the parties to either continue the test or to jointly conduct alternative testing in these sites, the test sites will be returned to their original route structure by Jan. 22, 2021. Additionally, it is agreed there will be no further

expansion of this Case Consolidation test.

The local parties will jointly work through the transition of returning routes in the test sites to their original structure. Assistance and guidance will be provided by the appropriate NALC national business agent and by the USPS area manager, labor relations or their designees. **PR**

Consolidated Casing sites to be restored to original route structure by July 31 pursuant to M-01923
