The DRF grant application process

What the NALC Disaster Relief Foundation (DRF) gives is not much, but I pray that it helps the NALC members in need. We can’t replace what was lost, but I want you to know that we are always here for our members and their families.

The foundation has been set up to function in two ways: by providing hands-on relief and by receiving donations to offer financial grants. With natural disasters increasing in frequency, the Disaster Relief grants can be considered only for property damage sustained to a primary residence, vehicle or personal property from a hurricane, flood, tornado, wildfire, earthquake, severe storm or other natural disaster. Damage declared by the applicant will be verified by the branch president or a designee.

The following are the eligibility criteria that members must understand and follow. To complete your grant file, please see No. 5 below, which lists all items that members must provide to the DRF.

1. Anyone seeking help must be a NALC member as defined by the NALC Constitution, Article 2, Section 1(a).
2. Members do not have to wait for emergency relief or insurance claims to apply.
3. Those temporarily displaced from their “uninhabitable” primary residence must submit a signed, personal narrative detailing the specific reasons for the anticipated duration of the displacement.
4. Applications for grants from DRF must be received no later than 120 days from the date that the natural disaster occurred, unless applicants can provide sufficient reason(s) why they were unable to complete and submit their application prior to this deadline. Requests for exceptions will be ruled on by the DRF directors on a case-by-case basis.
5. Items needed for a complete file:

   Homeowners: 1. Complete grant application 2. Proof of homeownership or vehicle ownership (if damaged) 3. Clear-cut photos of damaged property (Home [show house address number], vehicle [if damaged], personal) 4. List of items damaged and estimate cost 5. Hotel receipts (if applicable), repair estimates (if available), insurance quotes (if available), etc. 6. President or designee verification

   Renters: 1. Complete grant application 2. Clear-cut photos of damaged property (vehicle [if damaged], personal) 3. List of items damaged and estimate cost 4. Renter insurance quotes (if available) 5. Hotel receipts (if applicable) 6. Copy of deposit on new place (if applicable) 7. President or designee verification

Other matters that need to be considered: If members rent a residence, please provide statements (if available) from a landlord establishing property inhabitation, a copy of the new residence application or a copy of the deposit receipt. If the member incurs expenses due to the displacement, he or she should provide hotel receipts or other documents to show these costs.

Members must document with photos the damage sustained by their primary residence, vehicle or personal property. If the member receives estimates or begins to repair their property or vehicle, they should provide those receipts.

Finally, the branch president or designee will need to verify the member’s address and claim damages; this is with the form provided by the president and/or a prepared statement documenting the member’s damage from the disaster. Remember, the application for DRF assistance is not an application for Federal Emergency Management Agency aid, or any other federal disaster assistance. It is also not automatic; you must provide the proper documentation.

Again, please make sure that the grant application and all pictures of the damage are clear, complete and legible. You can find the DRF grant application form at nalc.org/disaster. Grant applications can be sent to the following address:
