

Mandatory Stand-Up Talk

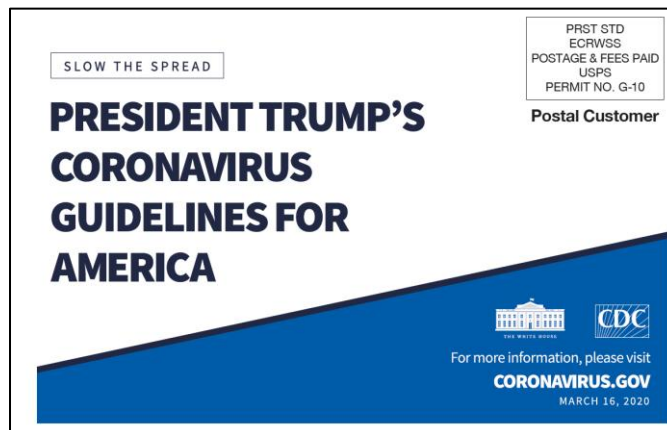

March 21, 2020

National coronavirus guidelines mailing

The Postal Service, the national Centers for Disease Control and Prevention (CDC) and the White House will be inducting a mailing into postal facilities beginning March 21 and continuing over the next several days.

The Postal Service is an integral part of this country's infrastructure. We play a critical role in continuing to provide services to the general public, and a sense of normalcy to the nation.

The mailing, to every residential location (including PO Boxes) is a 4 X 6 white and blue postcard with simplified addressing and the front panel as shown below:

Deliver to:

- All Residential Addresses — City, Rural and CDS
- Residential PO Boxes

For more information please contact your District Marketing Manager.

Thank you for delivering this message of trust and safety to the American public.
